### Web & Multimedia Development Services Overview

Mideast Solutions offers a wide range of professional and affordable web and multimedia design services.

Our talented team of web and multimedia designers can ensure a powerful and effective presentation of your company or product on the web or multimedia CD.

We constantly keep track of the latest technological changes and deploy the latest web and design tools to ensure the high quality of our work and your complete satisfaction.

### Web Design & Development

Whether you're looking for a leading edge corporate website or constructing a complex architecture of web-based enterprise portal, the same fundamentals apply, you need a site that is current, flexible, informative, and designed with the needs of its users in mind. Our award-winning web solutions are:

*\* Corporate Website \* Online Web Portal  
\* E-Commerce Online Shop \* Flash Animated Website \* Online Products Catalog \* Corporate Intranet/Extranet and ...*

### Multimedia Design & Development

The best way for a business to present information to a client is to provide them a multimedia CD presentation containing charts, graphs, video, animation and graphics. You can use multimedia presentations for:

*\* Corporate Presentation \* Events Guide \* E-Learning Material \* Product Demonstration \* Electronic Products Catalog \* Interactive Annual Report \* Conferences Electronic Proceeding Book and ...*
